Invites you to create a

"Lasagna" Pot of Spring Flowering Bulbs

Sunday, November 10, 2024 from 1-3 pm

Plant a spring bulb pot in the lasagna technique. Layering three different spring-flowering bulbs in a pot will surprise you this spring with a colorful mix of red tulips, cream daffodils and purple grape hyacinths. You will get a 14" inch plastic terra cotta pot, potting soil, and various bulbs selected to bloom in mid/spring on your doorstep or patio. The workshop will teach you how to layer the bulbs at their required depths, how to properly winterize the pot, how to maintain through winter and what to do in the spring.
